## Message from Tommy Cobb

By the time you read this, 2010 will be in the rearview mirror and all of us will be steaming fully into 2011. Before any more time passes, I wanted to thank all you for your continued trust and support.

Our Mission Statement is *"To support the lives of our members through consistent, excellent service; highly competitive products and the discipline to do the right thing, the right way"*. Every action or decision that the Board, staff or I make is filtered through this statement. Questions that we ask every day are: Is this service truly excellent and competitive? Will this action fulfill the mission to support the lives of our members? Do we carry out our mission the right way?

The absolute answer to these questions comes from you as you exercise your right to choose. I understand this and realize that Tuscaloosa Credit Union has to compete for your business just like everyone else. That's okay because I enjoy competing for your business. Just between you and me, it is almost an unfair fight because of the poor service so many of our competitors provide.

What will your choice be in 2011?

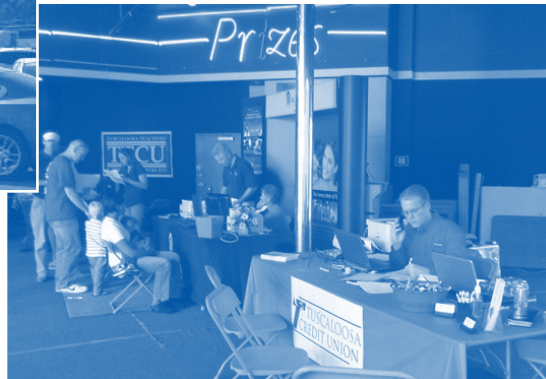

Have a great year,

Tommy Cobb

## McFarland Mall October Car Sale

In late October we had our 1st Car Sale in 5 years. Not only was it a great success to the credit union and Tuscaloosa area car dealers but we have received numerous positive comments from our members.

We hope to do this again next year. Please give us your thoughts on ways to make the next one even better!
